

## Simple yet clinically effective

Healthcare professionals involved in the treatment and prevention of pressure ulcers are often faced with time constraints, limited resources and increasing budget pressures all of which can impact on patient outcomes.

Repose® is a range of reactive air, pressure redistribution and reduction support surfaces, all with high levels of immersion and envelopment. A combination of unique materials and Smart Valve Technology, has been clinically proven to deliver statistically significant patient benefits.<sup>1</sup>

Repose protects patients at all levels of risk

Repose is indicated for the treatment of all categories of pressure ulcers<sup>1-5</sup>

## Benefits of Repose

### Clinically effective

Repose has demonstrated low levels of pressure ulcer incidence across multiple studies (5.2%<sup>1</sup>, 4.8%<sup>2</sup>, 5.1%<sup>3</sup>, 5.2%<sup>4</sup>)

### Durable

If cared for correctly, Repose will provide pressure ulcer prevention for several years<sup>5</sup>.

### Comfortable

Repose is breathable and has no sharp edges, increasing comfort, compliance and prevents tissue damage.

### Multi-patient Use

Repose is easy to clean in line with local policy and reusable for multi-patient use.

### Smart Valve Technology

Easy and reliable, Repose Smart Valve Technology ensures optimal inflation.

### Support

Dedicated sales and clinical support ensure clinicians and patients are supported every step of the care pathway

### Cost Effective

Multi-patient use and a three-year warranty provides a cost-effective solution for the prevention and treatment of pressure ulcers.

### 3 year warranty

Repose is supplied with a 3 year warranty as standard
