

Repose Cushion & Cover Set

Repose Cushion & Cover Set

Enhanced patient comfort and added product protection

repose[®]

Repose Cushion & Cover Set

Enhanced patient comfort and added product protection

The Repose® Cushion adopts an effective method of pressure redistribution by immersion, reducing the pressure exerted at the interface between the patient and the supporting surface.

Repose Covers add an extra layer of protection to the Repose Cushion, helping to keep Repose in pristine condition.

Repose Cushion & Cover Set

The Repose Cushion is now available packaged with a Repose Cushion Cover, offering a unique level of protection and patient comfort.

Repose products protect patients at all levels of risk

Repose is indicated for the treatment of all categories of pressure ulcers
