~ denotes that the chair could be used but would not normally be applied to the situation.

Note 1 P1 and P2 accessory is fitted to SB1, SB2, SB2T or SB3T so the height is dependant upon which model it is fitted to with the seat height matching the model spec + 25mm (1")

Note 2 P1 and P2 can be tilting or non-tilting depending upon which model chair the accessory is fitted to. It tilts when fitted to SB2T and SB3T only.

Note 3

Note 4

Note 5

Note 6

Note 7

P1 and P2 can be used to transfer into a level shower when using SB3T chair.

Could rotate by turning whole chair provided the shower size allowed this.

P1 and P2 rotate within the shower when fitted to our SB1 chair only.

P1 and P2 will transfer over a bath tub when used in conjunction with SB2 or SB2T chairs

H5 Hybrid is designed for those with some mobility, yet requiring medium support.

It is anticipated that users could lift the H5 over a shower step or bath tub to use the H5 within the shower or bath tub for support while standing or sitting.
